BENETTI 93 DELFINO

This yacht is equipped with advanced navigation systems, including Simrad autopilot, GPS, radar, and a joystick-controlled Xenta system. It features powerful technical equipment like satellite anchor, new batteries, Mastervolt charger, nose and stern thrusters, teak finishes, hydraulic walkway, stabilizers, and bottom water lights. The yacht includes tropical air conditioning, a water maker, Gaggenau BBQ, Siemens dishwasher, and multiple fridges. For entertainment, it offers a Fusion Hi-Fi system, 3 TVs, and video cameras. The interior boasts a new wooden floor (2023), and textile comforts include flybridge cushions and a temperature-controlled dehumidifier.
