

This yacht has been consistently maintained by authorized service providers and is currently on dry dock at Ağanlar Boatyard, where shaft seals and full seasonal maintenance are being carried out. The most recent services have been performed by SKY Marin, the official MTU dealer in Bodrum. The yacht is equipped with a tender, satellite TV system, a watermaker, and specialized fish finders—making it ideal for both cruising and sportfishing. For more information and a full equipment list, please feel free to get in touch.

As YSC, we not only produce special projects that reflect the lifestyles of sea enthusiasts, but also meet customer expectations at the highest level at every stage with our strong reputation in the sector and our professional team.
